10 APR 1963

MEMORANDUM FOR: Assistant Director, OSA

SUBJECT: Status of Personnel Assigned to the
Satellite Control Center, NRO

25X1A 25X1A
25X1A 1. On 5 April 1963 the move of support equipment for the Control
Center, NRO will transpire. The assigned personnel, []
[] will report for duty at the facility
effective 6 April 1963. [] a newly assigned Air Force
detailee, should join them in the near future.

25X1A 2. I believe it is most important that the status of personnel
25X1A assigned to the center be agreed upon prior to their departure. []
[] will be reassigned by Air Weather Service and will no longer
be under control of this organization. For the others I submit the
following recommendations for your approval:

25X1A a. [] will be the senior representative of the
CIA contingency and as such it is mandatory that he be
designated as a Special Assistant to the DD/R. This would be
his title when dealing with or for the NRO in an official capacity.
However, because all of the spaces of the CIA personnel assigned
to the NRO Control Center are authorized for the OSA-DD/R, I
propose that these personnel be placed under the Deputy for
Field Activities.

25X1A b. Under this proposal [] will be under my
charge and direction for instructions issued for staff officers of
OSA. Necessary coordination between OSA and NRO will be my
responsibility. I will coordinate necessary material, communica-
tions, and EDP support and be responsible for the approval of

their travel requests. Effectiveness reports, leaves, time and attendance records and other normal administrative practices will be handled through this office.
